

Situation Report

COVID-19 - Worldwide - 03-25-20 (Update 25) | (INC10276272)

| | |
|---|---|
| Date As Of: 03/25/2020 04:56:00 | Sitrep Update #: 24 |
| Incident Start Time: 02/28/2020 Incident End Time: Ongoing | Incident Location: Worldwide |
| Impacted Sectors: Commercial Facilities, (Outdoor Events), (Public Assembly), Financial Services, Food and Agriculture, Government Facilities, (Educational Facilities), Healthcare and Public Health, Information Technology, Transportation Systems, (Aviation), (Highway and Motor Carrier), (Maritime Transportation Systems), (Mass Transit and Passenger Rail), Water and Wastewater systems | Reported Cause of Incident: COVID-19 |
| Interagency Coordination: Internal and external partners | On Scene Agencies: N/A |
| Owner/Operator(s) Involved: N/A | Source of Information: Centers for Disease Control and Prevention (CDC), World Health Organization (WHO), CISA Regions |

Incident Summary:

The Cybersecurity and Infrastructure Security Agency (CISA) continues to monitor the evolving Coronavirus Disease, also known as COVID-19, situation closely. CISA is taking part in interagency and industry coordination calls, and working with critical infrastructure partners to prepare for possible disruptions to critical infrastructure that may stem from widespread illness, should the virus take hold in the U.S.

Cybersecurity Considerations – Several states report continuing cyber disruptions, including in school systems. An increasing trend is anticipated due in part to an increase in teleworking.

As of 0300 ET 25 Mar, FEMA reports there are approximately 332,930 cases and 14,510 deaths worldwide. In the US there are approximately 44,467 cases and 550 deaths.

KEY POINTS:

- At least 18 states have issued a “Stay at Home Order” affecting approximately 158 million Americans
- The International Olympic Committee (IOC) postponed the 2020 Tokyo Olympics to the summer of 2021
- Major U.S. airlines are drafting plans for a potential voluntary shutdown of nearly all passenger flights across the country
- The American Red Cross now faces a severe blood shortage due to an unprecedented number of blood drive cancellations
- The White House’s coronavirus response coordinator stated anyone who recently left New York should self-quarantine for 14 days
- New York’s governor announced cases within the state are doubling every three days

Cybersecurity and Infrastructure Security Agency Integrated Operations Division

CRITICAL INFRASTRUCTURE IMPACTS

CHEMICAL

In Region X, all CFATS compliance inspections scheduled during the next two weeks are delayed 60 days.

COMMERCIAL FACILITIES

(Public Assembly)

Vermont and Florida issued stay-at-home orders, which includes the closure of all non-essential businesses.

Birmingham, Alabama issued a shelter-in-place order beginning 24 Mar.

Several states throughout Region IV have issued orders closing non-essential businesses and advising citizens to stay at home

COMMUNICATIONS

Verizon systems throughout Wyoming are experiencing widespread outages and overloads due to increased streaming on cell phones, creating difficulties for emergency management coordinators. Wyoming Public Service Commission has been in touch with the provider regarding the issue.

GOVERNMENT FACILITIES

Most states throughout Region IV have instituted some level of K-12 and higher education school closure across the region and have transitioned to online/distance learning.

HEALTHCARE AND PUBLIC HEALTH

The governor of New Jersey signed Executive Order No. 109 which cancels all elective surgery until further notice.

National Guard Bureau (NGB) is in 32 states providing support for medical testing, assessments, logistics, planners, and liaison officers.

New York: hospital beds are at 79% capacity in NYC - expected to be at full capacity 4/1. NYC ICU beds at 83% capacity and expected to be at full capacity 3/27; One hospital at 100%; 10 Hospital ICUs at 100% capacity

NYPD will enforce prohibition of large gatherings in the city, including parks, and there will be penalties.

TRANSPORTATION SYSTEMS

Cybersecurity and Infrastructure Security Agency Integrated Operations Division

(Aviation)

Major U.S. airlines are drafting plans for a mass shutdown of all domestic passenger flights.

Majority of international flights have been cancelled; domestic flights have been cut back by 40%.

Eleven air traffic control centers have been affected after personnel tested positive for COVID-19, contributing to closures and flight delays.

Puerto Rico / United States Virgin Islands: National Guard assisting with airport screenings.

The Florida Governor issued Executive Order 20-80, which outlines restrictions for inbound flights to Florida from the New York Tri-State Area (Connecticut/New Jersey/New York).

(Highway and Motor Carrier)

Florida DOT is coordinating with USDOT, the Florida Trucking Association, the Florida Department of Highway Safety and Motor Vehicles and the Florida Highway Patrol to help mitigate the impacts on the transportation and logistics industries.

Pursuant to Executive Order 20-52 issued by the Florida governor, commercial truck hours of service regulations and other related regulations were waived so that emergency supplies, equipment, commodities and resources can be moved more quickly and efficiently throughout the state of FL.

(Mass Transit and Passenger Rail)

The Washington Metropolitan Area Transit Authority (WMATA) will close 19 stations in an effort to protect its employees from potential exposure to the COVID-19 virus and keep the system running: Federal Center SW, Federal Triangle, Mt Vernon Square, Judiciary Square, Archives, Greensboro, Eisenhower Ave, Virginia Square, and Cleveland Park.

ACTIVATIONS AND DECLARATIONS

FL, TX, and NJ declared Major Disasters.
